

*Annual Production Sale*

MONDAY - 1:00 PM MST

**FEBRUARY 28, 2022**

DILLON LIVESTOCK AUCTION – DILLON, MONTANA

*Offering*

115 PAP TESTED YEARLING & LONG YEARLING BULLS

7 REGISTERED REPLACEMENT HEIFERS

30 COMMERCIAL REPLACEMENT HEIFERS

# W E L C O M E

Cory & Kari Lamey

You are invited to our 15th Annual Production Sale to be held at the Dillon Livestock Auction in Dillon, Montana on Monday, February 28th.

2021 proved to be a challenging year for many of us. About halfway through the year, we were faced with drought, forest fires and many hadoppers. It was a challenging summer and while 2021 brought stronger cattle prices, we think everyone will agree there is room for improvement. One thing is certain, ranchers truly do have grit and find ways to adapt and persevere. We are hearing 2022 cattle prices are going to get good and really good in 2023.

Quality Angus cattle remain in demand and selecting quality seed stock will surely pay as feedlots offer premiums for feeder cattle backed by superior genetics. We believe it all starts with the mother cow. Fertility, production and longevity are key to building a sustainable cowherd. In addition, udder and foot quality plus PAP are paramount. We encourage you to study this book and see how these bulls stack up in the Angus breed as well as view their performance and EPDs.

Cooper & Kezlee Lamey

This year's offering includes 115 yearling and long yearling bulls that have been fertility, PAP and BVD tested as well as Angus GS tested for genomic enhanced EPDs. In addition, 7 registered heifers and 30 home raised commercial heifers will sell.

The cattle were raised in the Wise River high country and are now on feed at Hansen Feedlot (just past MM 6 on Hwy 91 North, Dillon, MT) and are available for viewing until Saturday, February 26 and at Dillon Livestock Auction thereafter. We are pleased with their condition, growth and excellent dispositions.

We hope to see you sale day but if you are unable to attend we are offering 2 options for bidding online via Northern Livestock Auction or Cattle USA. Please see page 2 for instructions. We appreciate the opportunity to be your seedstock source and invite you to come evaluate the cattle and enjoy a beef lunch beginning at 11:30 on Monday, February 28th. Please contact us if you have any questions or if you would like to meet to view the cattle.

DILLON LIVESTOCK - DILLON, MT

# ANNUAL PRODUCTION SALE

## MONDAY, FEBRUARY 28, 2022

DILLON LIVESTOCK AUCTION  
DILLON, MONTANA

*Lunch 11:30 AM MST | Sale 1:00 PM MST*

### SALE DAY CONTACTS

Dillon Livestock Auction.....406-683-2002  
Cory Lamey Cell.....406-491-7363  
Kari Lamey Cell.....406-491-1800

### SALE LOCATION

Dillon Livestock Auction is south of Dillon and east of Interstate 15.  
Take Exit 56 and head north or Exit 59 and head south.

### AUCTIONEER

Joe Goggins.....406-861-5664

### REPRESENTATIVES

Kurt Kangas, American Angus Association.....406-366-4190  
John Goggins, Western Ag Reporter.....406-698-4159  
Jeff Thomas, AgriMedia.....406-581-8859  
Devin Murnin, Western Livestock Journal.....406-696-1502

**INSPECTION** Cattle may be inspected at Hansen Feedlot, Hwy 91 N (just past mile marker 6 on west side of Hwy) any time prior to the sale. They will be available for viewing at the sale site beginning Saturday, February 26, 2022.

**WINTERING** Free feed until April 1, 2022 and then \$3 per head per day thereafter.

**DELIVERY** Free delivery on bulls up to 750 miles and at cost thereafter. If you choose to haul your own bulls sale day, we will deduct \$100 per head (bulls only). Buyer is responsible for heifer trucking.

### BIDS/SIGHT UNSEEN GUARANTEE

If you are unable to attend the sale, please call us, the Publication Representatives, or the Auctioneer, and we will assist you with your order and offer a sight unseen satisfaction guarantee.

**SALE ORDER** Commercial heifers sell first, followed by fall bulls in catalog order, then yearling bulls in catalog order, and registered heifers sell last.

### ACCOMMODATIONS

Fairbridge Inn Express.....406-683-3636, ask for Circle L rate.

### ANNOUNCEMENTS

Check CircleLAngus.com for a supplement sheet with up-to-date information. All announcements made from the auction block take precedence over printed material in this sale book.

### FIRST BREEDING SEASON GUARANTEE

All bulls selling for \$3,250 or more will be covered 50% by Circle L Angus if they are injured during their first breeding season. This guarantee does not include death as that can be insured for. Breeding season is defined as a 60-day period following the first turnout of bulls. Fifty percent of the value of the injured bull, minus one-half the salvage value, will be given credit in a future Circle L Angus sale or towards a replacement bull if one is available. Salvage value, if any, will be split equally between Circle L Angus and the buyer. All injured bulls must be diagnosed by a veterinarian. We also reserve the right to a second opinion by a veterinarian of our choice. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2022.

**FERTILITY** Megan Igo, DVM performed a breeding soundness exam, semen test, scrotal measurement and BVD test on all bulls.

**HERD HEALTH** All bulls and heifers were vaccinated with Pyramid 5+ Presponse, 7-way with Somubac, wart vaccine, Fusoguard plus booster, and Pour On. All dams of registered cattle selling have tested negative for Johnes disease.

**PAP TEST** All bulls in the offering have been PAP Tested by Tim Holt, DVM and Pap Testing expert. Circle L Angus spring bulls were born at 5860 feet and summer ranged from 6000-8500 feet from June to October. The fall bulls ranged at 6000 feet from April through October. All the bulls were PAP Tested in Wise River and the PAP scores are in this catalog. For more information or recommended scores specific to your operation, contact us or Dr. Tim Holt, DVM at 970-596-1470 or timholt@colostate.edu.

**RETAINED INTEREST** Circle L Angus is retaining one-third revenue sharing semen interest in any bull sold in this sale. Full possession and full salvage value sells on all bulls.

**TERMS AND CONDITIONS** This sale is being conducted under the suggested sale terms and conditions adopted by the American Angus Association.

**GENOMIC ENHANCED EPDS**  
Sale bulls that have genomic enhanced EPDs through the GeneSeek test are noted by this logo.

**EPDS AS OF JANUARY 28, 2022**

# ABSENTEE BIDDING OPTIONS

*Setting up your absentee bidding option a few days before the sale is recommended.*

## WATCH AND BID ON NORTHERN VIDEO

**View Cattle Videos at  
[northernlivestockvideo.com](http://northernlivestockvideo.com)**

### Signing up to bid on your desktop:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to [bid.northernlivestockvideo.com](http://bid.northernlivestockvideo.com) and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit [www.northernlivestockvideo.com](http://www.northernlivestockvideo.com) to view and bid!

### Signing up on your phone:

Use your mobile device to download the Northern App and follow the above steps to get approved. There is an instructional video on how to register to bid on our website, if you have any questions.

**For technical assistance with Internet  
Viewing and Bidding Questions, call Sam  
Fraser 406-860-0590.**

# 2.

## WATCH AND BID ON CATTLE USA

Visit [cattleusa.com](http://cattleusa.com) and pre-register for bidding. Click on Dillon Livestock Auction and login to your account or set up a new account if you have not bid before. Once logged in, click the Submit button next to Beaverhead Livestock Auction to obtain pre-approval. Please pre-register 24 hours in advance of the sale. If you have questions, call Dillon Livestock Auction at 406-683-2002.

**Northwest**  
FARM CREDIT SERVICES

## Looking to grow? Let's get started.

Every new producer has to start somewhere. And it's far from easy. We help give young, beginning and small farmers and ranchers a leg up with special financing options, educational opportunities, and hands-on, strategic advice to help you get started.

So if you're ready to start cultivating your dream, give us a call. We'd be happy to help.

# American Angus Association \$Value Indexes

Dollar value indexes, or **\$Values**, are a tool used to select for several traits at once based on a specific breeding objective. An economic index approach takes into account genetic and economic values as well as the relationships between traits to select for profit.

**ANGUS**  
THE BUSINESS BREED

**Maternal Weaned Calf Value (\$M)**, an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning. \$M is built off of a self-replacing herd model where commercial cattlemen replace 25% of their breeding females in the first generation and 20% in subsequent generations. Remaining cull females and all male progeny are sold as feeder calves. Increased selection pressure on \$M aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent with today's production.

**Weaned Calf Value (\$W)**, an index expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning. \$W assumes that producers retain 20% of their female progeny for replacements and sell the rest of their cull female and male progeny as feeder calves. Over time, increased selection pressure on \$W will increase weaning and maternal milk traits while also continuing to increase mature cow size.

**Feedlot Value (\$F)**, an index expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires. The underlying objective assumes commercial producers will retain ownership of cattle through the feedlot phase and sell fed cattle on a carcass weight basis with no considerations of premiums or discounts for quality and yield grade.

**Grid Value (\$G)**, an index expressed in dollars per carcass, is the expected average difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires.

**Beef Value (\$B)**, an index expressed in dollars per carcass, facilitates simultaneous multi-trait genetic selection for feedlot and carcass merit. \$B represents the expected average differences in the progeny postweaning performance and carcass value compared to progeny of other sires. This index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot phase and market these animals on a quality-based carcass grid.

**Combined Value (\$C)**, an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and eventually sell them on a quality-based carcass merit grid.

# LANDMARK

AAA 19148655

Landmark was added to the BEEF-360 lineup due to his exceptional phenotype; being an extremely deep bodied, stout made, attractive bull standing on an impeccable foot.

With his outcross pedigree, great balance of calving ease and performance, and quiet nature, Landmark is a great choice. After topping the 2019 Circle L Bull Sale, Landmark has proven to sire the kind of progeny demanded by the most discriminating seedstock breeders and ranchers alike.

PAP score - 39
