

Annual Production Sale

MONDAY - 1:00 PM MST

FEBRUARY 23, 2026

DILLON LIVESTOCK AUCTION

— DILLON, MONTANA —

**SELLING 85 LONG YEARLING AND 65 YEARLING BULLS
PLUS 12 YEARLING OPEN REGISTERED HEIFERS**

W E L C O M E

We invite you to attend our 18th Annual Production Sale to be held Monday, February 23, 2026. As we write this letter, we are at the National Western Stock Show where we are experiencing plenty of sunshine and balmy temperatures, unlike the past couple of years. Many of the western states are really needing moisture so hopefully mother nature will provide. Calving is in full swing at home and we are also hearing reports of mild weather this week at the ranch.

What an exciting time it is to be in the cattle business. Just when we think the market has peaked, another record setting feeder sale is posted. With the continued low inventory and high consumer demand we should experience this well deserved market for years to come.

This year's offering includes 85 long yearling bulls and 65 yearling bulls. They have been fertility, PAP and BVD tested as well as Angus GS tested. As you study this catalog you will see many calving ease bulls along with powerful cow bulls. We are also offering 12 fancy registered heifers from the heart of our herd. Superior Angus genetics remain in high demand and you will find the quality runs deep throughout this offering.

You, our customer, continues to be the driving force behind our business. Much consideration goes into the matings in creating a product that brings our customer the most value. We strive to provide fault free cattle with strong EPDs, good maternal, and powerful phenotype. As you make your breeding selections this year, please know that we appreciate the confidence you have placed in our program. This business is the lifeblood of our entire family as they make up our labor force. Whether it is calving, feeding, irrigating, haying, trailing cattle or developing bulls, we are all in!

Customer service is a priority here at Circle L. Our program offers free delivery (except on females), free feed until April 1, and a first breeding season guarantee. In addition, we stand behind the cattle 100% allowing you to buy with confidence.

The cattle will be available for viewing on Sunday, February 22nd at Dillon Livestock Auction. Again, we appreciate the opportunity to be your seed stock source and invite you to join us for a complimentary beef lunch starting at 11:30 on Monday, February 23. Come early sale day and preview the cattle and enjoy coffee and donuts. Please contact us if you have any questions.

Kari Lamey Cell.....406-491-1800

SALE LOCATION

Dillon Livestock Auction is south of Dillon and east of Interstate 15. Take Exit 56 and head north or Exit 59 and head south.

AUCTIONEER

Joe Goggins.....406-861-5664

REPRESENTATIVES

Kurt Kangas, American Angus Association.....406-366-4190
John Goggins, Western Ag Reporter.....406-698-4159
Jeff Thomas, AgriMedia.....406-581-8859
Kevin Murnin, Western Livestock Journal.....406-853-4638
Jaramie McLean, Tri State Livestock News.....406-938-3071
Sam Fraser, Northern Livestock Video.....406-860-0590

INSPECTION Cattle may be inspected at Hansen Feedlot, Hwy 91 N (just past mile marker 6 on west side of Hwy) any time prior to the sale. They will be available for viewing at the sale site beginning Sunday, February 22, 2026.

WINTERING Free feed until April 1, 2026.

DELIVERY Free delivery on bulls up to 750 miles and at cost thereafter. If you choose to haul your own bulls sale day, we will deduct \$100 per head (bulls only). Buyer is responsible for heifer trucking.

BIDS/SIGHT UNSEEN GUARANTEE

If you are unable to attend the sale, please call us, the Publication Representatives, or the Auctioneer, and we will assist you with your order and offer a sight unseen satisfaction guarantee.

SALE ORDER Cattle sell in catalog order.

ACCOMODATIONS

Fairbridge Inn Express.....406-683-3636, ask for Circle L rate.

ANNOUNCEMENTS

Check CircleLAngus.com for a supplement sheet with up-to-date information. **All announcements made from the auction block take precedence over printed material in this sale book.**

FIRST BREEDING SEASON GUARANTEE

All bulls selling for \$3,500 or more will be covered by Circle L Angus if they are injured during their first breeding season. This guarantee does not include death as that can be insured for. Breeding season is defined as a 60-day period following the first turnout of bulls. Fifty percent of the value of the injured bull, minus one-half the salvage value, will be given credit in a future Circle L Angus sale or towards a replacement bull if one is available. Salvage value, if any, will be split equally between Circle L Angus and the buyer. All injured bulls must be diagnosed by a veterinarian. We also reserve the right to a second opinion by a veterinarian of our choice. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2026.

FERTILITY Megan Igo, DVM and Claire Reyes, DVM at Southwest Montana Vet Clinic performed a breeding soundness exam, semen test, scrotal measurement and BVD test on all bulls.

HERD HEALTH All bulls and heifers were vaccinated with Bovi-Shield Gold One Shot, 7-way with Somubac, wart vaccine, Fusoguard plus booster, Valbazen and Pour On.

PAP TEST Circle L Angus bulls were PAP tested at 5750 feet at the ranch by Britt Stubblefield, DVM, Rocky Top Veterinary Service (970-331-8955) and Lanny Weddle DVM, North Park Veterinary Clinic (970-723-8314). The PAP scores are in this catalog. For more information or recommended scores specific to your operation, contact us or the veterinary clinic.

RETAINED INTEREST Circle L Angus is retaining one-third revenue sharing semen interest in any bull sold in this sale. Full possession and full salvage value sells on all bulls.

TERMS AND CONDITIONS This sale is being conducted under the suggested sale terms and conditions adopted by the American Angus Association.

SETTLEMENT Payment is expected on sale day or at your earliest convenience. **Please make checks payable to Dillon Livestock Auction.**

GENOMIC ENHANCED EPDS

Sale bulls that have genomic enhanced EPDs through the GeneSeek test are noted by this logo.

EPDS AS OF JANUARY 16, 2026

ABSENTEE BIDDING

Setting up your absentee bidding option a few days before the sale is recommended.

WATCH AND BID ON NORTHERN VIDEO

View Cattle Videos at
northernlivestockvideo.com
or circlelangus.com

Signing up to bid on your desktop:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

Please note that videos will be available 2-3 weeks before the sale.

Signing up on your phone:

Use your mobile device to download the Northern App and follow the above steps to get approved. There is an instructional video on how to register to bid on our website, if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

American Angus Association \$Value Indexes

Dollar value indexes, or **\$Values**, are a tool used to select for several traits at once based on a specific breeding objective. An economic index approach takes into account genetic and economic values as well as the relationships between traits to select for profit.

ANGUS
THE BUSINESS BREED

Maternal Weaned Calf Value (\$M), an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning. \$M is built off of a self-replacing herd model where commercial cattlemen replace 25% of their breeding females in the first generation and 20% in subsequent generations. Remaining cull females and all male progeny are sold as feeder calves. Increased selection pressure on \$M aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent with today's production.

Weaned Calf Value (\$W), an index expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning. \$W assumes that producers retain 20% of their female progeny for replacements and sell the rest of their cull female and male progeny as feeder calves. Over time, increased selection pressure on \$W will increase weaning and maternal milk traits while also continuing to increase mature cow size.

Feedlot Value (\$F), an index expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires. The underlying objective assumes commercial producers will retain ownership of cattle through the feedlot phase and sell fed cattle on a carcass weight basis with no considerations of premiums or discounts for quality and yield grade.

Grid Value (\$G), an index expressed in dollars per carcass, is the expected average difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires.

Beef Value (\$B), an index expressed in dollars per carcass, facilitates simultaneous multi-trait genetic selection for feedlot and carcass merit. \$B represents the expected average differences in the progeny postweaning performance and carcass value compared to progeny of other sires. This index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot phase and market these animals on a quality-based carcass grid.

Combined Value (\$C), an index expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and eventually sell them on a quality-based carcass merit grid.

REFERENCE SIRE - CIRCLE L GUSTO

Yearling Heifers

From the heart of our herd, we are offering 12 beautiful registered heifers. Half of these heifers are out of first calvers making them our most current genetics. We feel these hand selected heifers will have an impactful future in any herd.

CONGRATULATIONS

For **41 YEARS**, the Bobcats 1984 National Champion Football Team has tended the flame. We are honored to pass the torch to the reigning champs - the 2025 team!

Cory Lamey grew up on his family's registered Hereford ranch in Eureka, MT. He excelled in football with the Eureka Lions. As a senior Cory was offered a full ride scholarship to Montana State University.

Cory played running back for the Cats and was a Sophomore on the 1984 National Championship team. His football career ended his senior year when he fractured his ankle in practice. He was a member of the Bobcats roster from '83-'86.

ONCE A BOBCAT,
ALWAYS A BOBCAT

BOBCAT FOOTBALL!

Tireless work, finding joy amongst heartbreak, sacrifice and always, unwaivering faith. The 2025 Bobcat Football Team embodies the legacy of jersey 41.

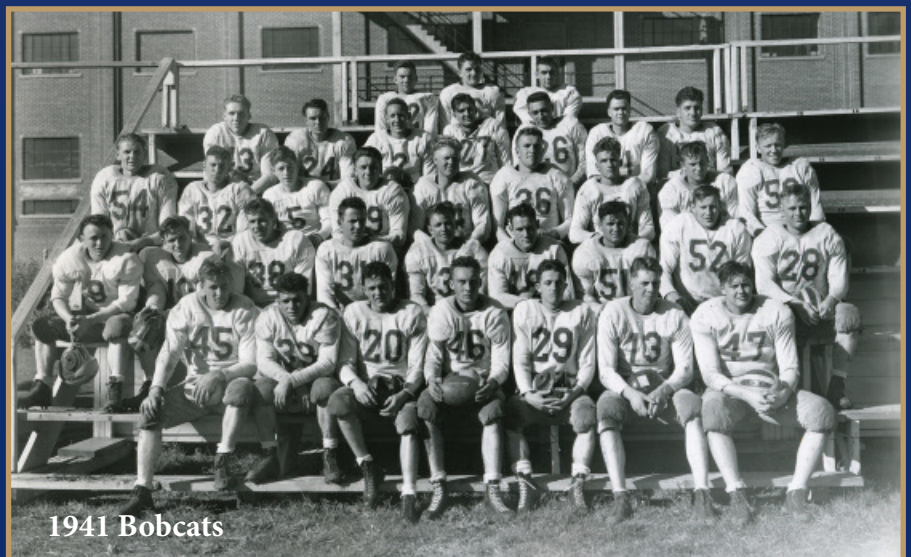

THE SIGNIFICANCE OF 41

Montana is the **41st** state admitted to the Union in 1889.

Bobcat football's heritage of pride runs deep. Former coaches, Kramer, Choate and President Cruzado all take steps to honor the legacy of the war era especially the 1941 team. In 2018 jersey number **41** is established as a legacy jersey.

In 1893 Montana State University is established as a land-grant institution. WW1 & WW2 had a profound impact on the university. The school lost 22 out of approximately 350 students from its 1917 enrollment in WW1. Montana State also suffered devastating losses during WWII. Among those who died in the war were 14 men who played on the Bobcat football teams between 1935 and **1941**.

In 2025 the Bobcats earn their spot in the FCS National Championship title game. Their 3rd appearance in 5 years. They win the game by 1 point in overtime. Poetically, It has been **41** years since the Bobcats last held the National Championship title.

1941 Bobcats

Essential is an exciting new calving ease Justified son that was bred in the Arntzen program and sold to Circle L Angus in Montana. He has over 400 calves recorded, bumping his WW to Top 20%. He has balanced EPDs across the board and is a standout for PAP, \$M and Marbling. He is an attractive individual with added depth of body and rib that tracks well on an excellent set of feet. His daughters should make phenomenal cows with lots of maternal greats in the pedigree like Traveler 124, Great Plains, Traveler 8180, Alliance 187 and Dateline.

“Essential is a powerhouse with excellent docility. He was our pick of the Justified sons of the 2020 Arntzen Angus sale based upon his strong phenotype and excellent EPD profile. He is moderate, deep-ribbed, easy-fleshing and very correct. Essential produces moderate females with ideal udders and has proven himself as an outstanding PAP sire.” - Cory Lamey

An exciting new addition to the BEEF-360 lineup is PGC Northern Lights. He offers added performance and carcass merit while maintaining the maternal predictability we demand. Northern Light's dam, PGC Guiding Lady 0015 is an easy fleshing, dependable young cow in the Peterson Grain & Cattle herd - feminine, extremely maternal & easy tempered with a super level udder, she maintains flesh in their tough environment. The first progeny of Northern Lights at Circle L Angus confirm his ability to transmit performance and style into his progeny with balanced EPD values and superior PAP.
